

## MY ACTUAL DAILY ROUTINE

I wake up at a quarter at nine, I have breakfast at nine o'clock and I get dressed at half past nine.

I review the lessons and my homeworks because I have online lessons from ten o'clock to half past ten and then I have lessons from eleven o'clock to half past eleven.

When the lessons finish, I play with my PlayStation online with my friends every day.

At one o'clock I have lunch with my family and then I do my homeworks.

I have online lessons in the afternoon from four o'clock to half past four. Then I finish my homeworks and I have a snack at half past five.

I go out to play football with my brother and I go by bike with my brother. At eight o'clock I have dinner and I watch TV a new film with my family. Then I read a book and go to sleep!

In my daily routine I miss my friends and my uncle Andrea because we are often together. Then I miss football because it's my passion and because I love playing with my friends.

On my first day out I want to visit my grandparents and have dinner with them.

I want to take my bike for a ride with my friends around my town.
